## OUTDOOR EDUCATION

This happens every Tuesday. Please can the children wear their school uniform to school and bring 'rough' clothes to change into in preparation for their outdoor session. Weather dependent they might also need sun cream / hat or waterproofs / wellies.

If children do not bring in the correct clothing/footwear then they may not be able to participate.

## Riversides School Vision and Values

- Our community will provide everyone with opportunities for learning that are engaging, relevant, appropriate and meaningful to them.
- We ensure young people are listened to, have the opportunity to voice their opinions and can access play, positive self-expression and learning in a welcoming and positive environment.
- It is the work of the team to understand the young person not for the young person to make themselves understood. Young people and their families can expect a supportive relationship with school that helps to create a safe space for learning.
- Our community provides a place for self-discovery, to flourish and build an individual's strengths to foster an attitude of positivity in an environment of unconditional respect and support.
- We recognise the rights of all of our community and enable young people, families and staff to come together to take learning beyond the classroom, becoming a part of all that we do

Every student matters.
