## College courses for 2023.

It may seem a little early but now is the time to start thinking about college courses for next year. There are plenty of colleges in the area and there is plenty of information available on line. It really is a good time to start looking through all the course options and locations of the various colleges. If you need more information let us know and we steer you in the right direction.

## September 2022

## Examinations expectations for Year 11.

We have been very fortunate this year with a high proportion of our year 11 pupils already sitting some of the GCSE's and passing with level 4's of greater. We will continue to build on this throughout the year and hopefully gain even more qualifications by the end of the year in science, sports studies and history.

## GCSE Examinations.

### English:

Students are continuing their GCSE English Literature and Language for examination in June 2023. English language will also be assessed in June 2022 with AQA examination board. This year they will have the added subject of poetry.

### Maths:

As with English the pupils are revising the GCSE syllabus for assessment in June 2023. They will also be attempting a Functional Skills exam during Spring Term. Students will also be offered an additional Mathematics-Statistics GCSE. Certain pupils will be offered the opportunity to take the higher pa-

**Please be aware that if other potential examinations become available throughout the year and they are relevant to the pupils then we will obviously investigate the potential of accessing these as well.**

Wednesday	TUTOR	Maths	PE Theory		ICT		English	Media Studies	TUTOR
Thursday	TUTOR	Maths	English		Media Studies		History/ Construction	Science/ Construction	TUTOR
Friday	TUTOR	Outdoor Education	Outdoor Education		Outdoor Education		Outdoor Education	HGMLC	TUTOR

Every Friday **Outdoor Education** will be conducted by Mr Fenner, Mr Garrad and Mrs Vallance. The idea for these sessions is to offer the children opportunities which will push them physically and emotionally. We have a range of challenges involving cross country, 20 mile, bike rides and the PARA 10 challenge which is a team building activity where the children have to navigate there way home carrying 20 kilos. There are many other activities which will push the pupils in a positive manner. Obviously these sessions will require clothing that will get dirty. *(So no new trainers or tracksuits)*

All of these activities have proved very successful in the past and all staff are expected to participate with the pupils.
