

Soaring to Success[®]

The Air League's industry-leading youth outreach programme, designed for young people aged 13- to 17-years-old in state-funded education. This programme aims to break down stereotypes and barriers, and encourages young people to consider a career within aviation and aerospace.

Supported in 2022 by:

Stage 1- Introduction to Aviation and Aerospace Career Conference (Autumn Term)

This is a unique opportunity for students to engage with speakers from leading organisations (UK and worldwide) and gain an insight into distinct career opportunities across the broad scope of the aviation and aerospace industries. The conference is designed for a diverse audience with accompanying support material and selected post-16, post-18, and graduate pathways.

Stage 2 – e-Learning Modules (Spring Term)

Access to a series of e-learning enrichment courses built with partner companies to provide deeper industry knowledge and context, new industry related learning, and further career profiles/apprenticeship information and signposting.

Stage 3 – Air Experience Days (Summer Term)

A day at a local aerodrome including a trial flight experience and opportunity for each participant to take a turn at the controls alongside workshop activities, a site tour, and further careers signposting.

This 3-minute video highlights thoughts and experiences from some of the participants from 2021:
